

Tech Wizard

Summary of Electro-Mania (Tech-Wizard Event)

Department of Electronics & Communication Engineering

Date: October 13, 2025

Total Participants: 64 Students

Venue: Room No. 409 Block - 2 & Incubation Cell of BIT

The *Electro-Mania* event, organized under **Tech-Wizard**, was conducted in two stages. The competition aimed to test the participants' knowledge and practical skills in the field of electronics and communication.

In **Stage 1**, a **Quiz Competition** was held with a total of **64 student participants**. Based on their performance, **10 students** qualified for the next round.

In **Stage 2**, a **Circuit Design Competition** was conducted among these **10 shortlisted participants**, where they demonstrated their circuit design and implementation abilities. Out of them, **3 students** were selected as the final winners of the event.

1. Priya Singh ECE 3rd year (Fist winners)
2. Akash Gupta ECE 2nd Year (Second winners)
3. Prateek ECE 4th Year (Third winners)

The event provided an excellent platform for students to showcase their understanding of electronic concepts and hands-on circuit skills.
